

# Our Curriculum Goal

The most important goal of our early childhood curriculum is to help children become enthusiastic learners. This means encouraging children to be active and creative explorers who are not afraid to try out their ideas and to think their own thoughts. Our goal is to help children become independent, self-confident, inquisitive learners. We're teaching them how to learn, not just in preschool, but all through their lives. We're allowing them to learn at their own pace and in the ways that are best for them. We're giving them good habits and attitudes, particularly a positive sense of themselves, which will make a difference throughout their lives.

The activities we plan for children, the way we organize the environment, select toys and materials, plan the daily schedule, and talk with children, are all designed to accomplish the goals of our curriculum and give your child a successful start in school.

Play enables us to achieve the key goals of our early childhood curriculum. Play is the work of young children. Bring your child to come play and learn with us.....our goal is to make your child shine.

We have a curriculum coordinator on staff to help us achieve our curriculum goals.

Stop by anytime to see us!!

## Five Star Difference

Our mission is to educate each child to the best of his/her ability in a loving, positive environment.

We want every **Five Star** child to shine and we will provide the highest level of care for your child.

We have an open door policy and extend that level of comfort to you by providing a **webcam** service. You will be able to watch your child any time on the internet!

Our state of the art facility is designed with separate heating and cooling systems for each area so that germs are not spread easily. We strive to keep every room clean and disinfected constantly. This is the key to good health and we know as parents how important it is to have healthy, happy kids.

## WatchMeGrow

### Online Webcam Service

If you can't be here...you can still WatchMeGrow from anywhere!!

**Five Star Academy** has partnered with WatchMeGrow, so you can view your child online via streaming video and share in their day! It is easy, if you can access the internet, you can use WatchMeGrow!

You will see high-quality streaming video of your child's classroom areas. Cameras are located strategically to give you maximum viewing of your child's activities.
